Amazon.com: toa free cat's claw

TOA-Free Cat's Claw (Uncaria tomentosa) is a rare form of Cat's Claw that has been found to be 100 per cent TOA free. It is a wild-crafted product of a unique Peruvian rain forest microclimate that so far has been found to be most effective in its most minimally processed form.

TOA-FREE CAT'S CLAW - Samento.com.ec

If you begin looking into cat's claw for the treatment of Lyme infections, you will soon come across the product "TOA-free Cat's Claw." There is some amount of hysteria about this product. It is asserted that cat's claw products containing TOAs are not effective. This is incorrect.

Clinical Pearl - Solved: The False TOA/POA Controversy ...

Also known as TOA-free Cat's Claw, Pentacyclic Alkaloid Chemotype, is a rare variety of a medicinal plant of Cat's Claw. Unlike traditional Cat's Claw, this variety of Uncaria tomentosa does not contain a group of chemical antagonists called tetracyclic oxindole alkaloids or TOAs that act upon the central nervous system and can greatly inhibit the positive effect of the pentacyclic oxindole alkaloids (POAs).

The Incredible Healing Action of One Simple Herb

Samento - TOA-Free Cat's Claw

It has caused me to become leery of the controversy surrounding the TOA free form or if Raintree Cat's Claw (Uncaria tomentosa) is fine for me 2 take? I am in severe pain (neck and base of skull), have severe weakness (am immobile) so any assistance will be greatly appreciated. The work you do 2 help others is phenomenal :).

Cat's claw, autoimmunity and Hashimoto's thyroiditis ...

Cat's Claw assists with cell formation and also assists with the body's normal and natural abilities to cleanse. Try Cat's Claw today and enjoy its wellness benefits. For maximum benefit, we recommend using Camu-Camu, a plant with a high vitamin C content, in conjunction with Cat's Claw.

Cat's Claw Capsules (Uncaria Tomentosa)

Cat's claw is a climbing vine, native to the Amazon rainforest. It has been used for over two thousand years by many rainforest tribes to support the immune system. The Asháninka people, who have the longest recorded history of use of the herb, make a clear distinction between certain Uncaria tomentosa vines.

Nutramedix Samento TOA-Free Cat's Claw - Rio Health

In Buhner's book ("Healing Lyme"), he says he doesn't believe the evidence supporting use of TOA-free Cat's Claw is all that great, and he also thinks there is better evidence supporting the use of non-TOA-free Cat's Claw. He tells patients to use regular Cat's Claw, not the TOA version, and says he has seen it work fine.

Samento versus Cat's Claw - HealingWell.com

One of the TOA-free cat's claw products sold today is sold as a box of 30 capsules selling for \$14.50. Another label I found offered it in a 90-capsule box for \$40.95. Each capsule was 20 mg (!) of "cat's claw root extract standardized to contain a minimum of 1.3% pentacyclic oxindole alkaloids [POAs] and to be free of tetracyclic oxindole alkaloids [TOAs]."

Articles on Rainforest Medicinal Plants

The Cat's Claw is a miracle cure from the jungle. Its antibacterial, antifungal and antiviral effects have proven particularly effective in combating persistent infections such as Lyme disease, Candida, Eppstein-Barr (glandular fever), herpes, bladder infections, hepatitis, prostatitis, gastritis and Crohn's disease.
